**Subject:** Internship Experience Letter **Date:** October 7, 2026

**To Whomsoever It May Concern**

This is to certify that **Shreyas Phansalkar** has successfully completed his internship with **Aashman Technicals Pvt. Ltd.** from **2nd June 2026** to **5th October 2026** as an **Embedded Systems Intern**.

During his tenure, **Shreyas** demonstrated exceptional dedication, technical acumen, and a strong passion for Research & Development. His work primarily focused on embedded systems, motor control, hardware prototyping, and wireless networking.

His key responsibilities and contributions included:

- **Embedded Systems & Firmware Development:** Designing, programming, and testing core embedded systems concepts and firmware to ensure reliable hardware-software integration.
- **Precision Motion & Motor Control:** Implementing precise control algorithms for various motors, as well as driving an XY gantry system to achieve accurate head positioning within a 1 mm tolerance.
- **Hardware Design & Rapid Prototyping:** Designing custom electronics schematics/PCBs and fabricating dedicated test boards for hardware validation and debugging.
- **Wireless Networking:** Configuring and deploying mesh network architectures to facilitate multi-node communication and reliable data transfer across devices.

What truly set **Shreyas** apart was his relentless perseverance during R&D tasks. Even when faced with complex technical errors, unexpected edge cases, and hardware failures, he consistently approached each obstacle with patience, deep analytical thinking, and enthusiasm. He systematically pursued every problem statement until it was fully resolved, consistently delivering robust and accurate solutions.

Throughout the internship, he proved to be an outstanding asset to our team—adaptable, highly motivated, and resilient. We sincerely appreciate his valuable contributions and wish him all the success in his future academic and professional endeavors.
